

## Southeastern ITS SUMMIT

ITS Georgia, ITS Carolinas, ITS Florida,  
ITS Tennessee, Gulf Region ITS (GRITS)

# DIGITAL SHOW PROGRAM

REVOLUTIONIZING  
SMART MOBILITY

NOVEMBER 6-9

2022

ATLANTA, GEORGIA

**DEAR ATTENDEES:**

**Welcome to the 2022 Southeastern ITS Summit!** We have spent the past couple years planning this exciting conference to bring together ITS professionals throughout the Southeast to promote ITS planning, design, deployment, operations, and products. We are thrilled that you're joining us.

Below is quick summary of the Summit events:

- Our Opening and Closing sessions on Monday and Wednesday mornings feature keynote speakers and roundtable discussions to address current ITS challenges and opportunities.
- We have six technical tracks with four sessions on Monday afternoon and Tuesday morning, featuring 85 presentations.
- Three technical tours are scheduled to highlight the Peachtree Corners Curiosity Lab, iATL Lab and the North Ave. Smart Corridor/Beltline.
- The exhibit hall features 80 exhibitors and is open all day Monday and Tuesday until noon, and we'll have a sneak peek on Sunday prior to the Welcome Reception- come visit our exhibitors.
- Our offsite networking events include the Delta Flight Museum, Top Golf and College Football Hall of Fame- we can't wait to showcase some of Atlanta's famous venues.

Our committee members will be wearing bright polo shirts throughout the Summit. Feel free to track them down with any questions or concerns. Additionally, this Summit wasn't possible without the generosity of our sponsors - please thank them.

Once again, welcome to the Summit and enjoy your visit!

- **MIKE HOLT, *Conference Chair, ITS Georgia***
- **CARRIE MUSSMAN, *ITS Carolinas***
- **CRAIG CARNES, *ITS Florida***
- **GERALD BOLDEN, *ITS Tennessee***
- **MARK MELANCON, *Gulf Region ITS***

# Turning ideas into reality

AECOM connects expertise across services and markets to deliver transformative outcomes. We plan, design and deliver projects that unlock opportunities and connect people and economies.

AECOM is proud to sponsor the 2022 Southeast ITS Summit.

Delivering a better world

## SUNDAY, NOVEMBER 6

- 12:00 pm – 6:00 pm – *Registration Open*
- 12:00 pm – 5:00 pm – *Exhibit Hall Setup*
- 5:30 pm – 6:30 pm – *Exhibit Hall Sneak Peek/Networking*
- 6:30 pm – 9:00 pm – *Welcome Reception*

## MONDAY, NOVEMBER 7

- 7:00 am – 5:00 pm – *Exhibit Hall Open*
- 8:30 – 10:00 am – *Opening Session*
- 11:00 am – 12:00 pm – *Keynote Speakers: Scott Marler & Mondli Shah*
- 1:30 – 3:00 pm – *Technical Session #1: “1st and 10”*
- 3:30 – 5:00 pm – *Technical Session #2: “2nd Down”*
- 6:00 – 9:00 pm – *Offsite Social Event: Delta Flight Museum*

## TUESDAY, NOVEMBER 8

- 7:00 am – 12:00 pm – *Exhibit Hall Open*
- 8:30 – 10:00 am – *Technical Session #3: “3rd and Short!”*
- 10:30 am – 12:00 pm – *Technical Session #4: “4th and Goal!”*
- 2:00 – 4:00 pm – *Offsite Social Event: Top Golf*
- 6:00 – 9:00 pm – *Offsite Social Event: College Football Hall of Fame*

## WEDNESDAY, NOVEMBER 9

- 8:30 – 9:45 am – *Logistics Roundtable*
- 10:15 – 11:30 am – *CEO Roundtable*
- 11:30 am – 12:00 pm – *Keynote Speaker: Mike Lutzenkirchen*
- 12:00 pm – *Adjourn – Safe Travels!*

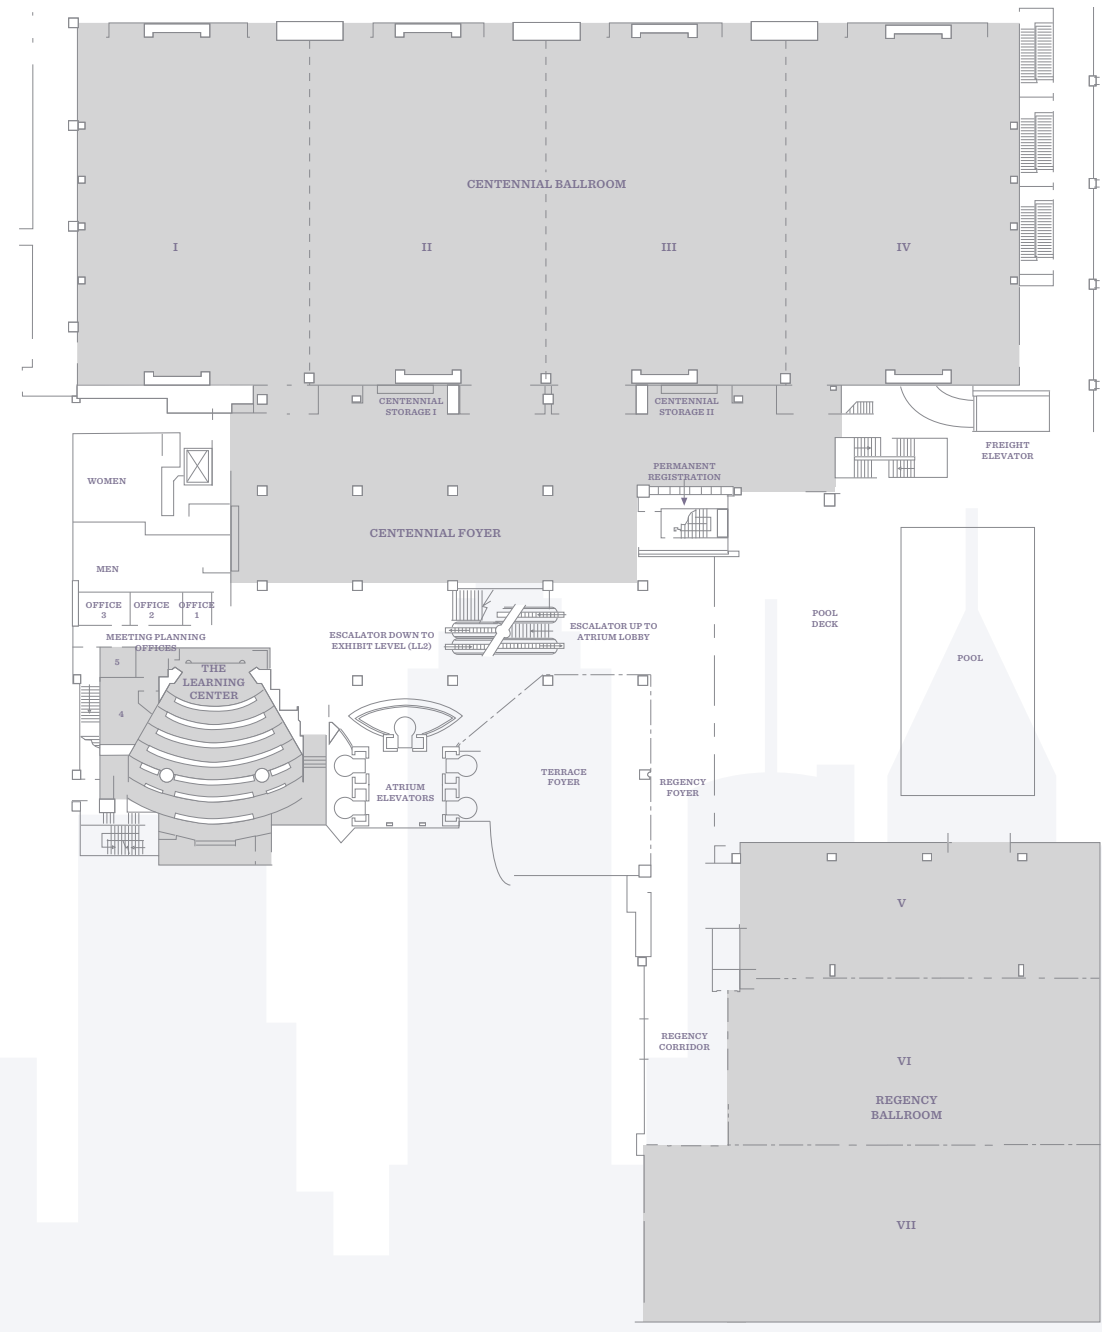

Question the existing  
*Imagine the impossible*  
 Create the enduring

is built on more than 108 years of infrastructure solutions.

For more than a century, HNTB has been working with clients to determine what technology solutions are right for their unique situation. With client relationships spanning decades, we understand infrastructure life cycles and have the perspective to solve technical challenges with clarity and imagination.

Tampa Hillsborough Expressway TMC in Florida

### NORTHWEST CORRIDOR

HNTB provided design and technical support for intelligent transportation system (ITS), traffic signals and toll, specifications and construction services for I-75/I-575 Northwest Corridor reversible managed lanes, GDOT's first public-private partnership (P3) transportation project.

North Carolina's first Bus Rapid Transit corridor  
City of Raleigh New Bern Ave BRT Design

### ITS and Emerging Technology Solutions

HNTB is leading efforts in Georgia and Florida to plan and implement electric infrastructure. Additionally, HNTB is guiding the deployment of connected vehicle technologies in collaboration with roadway and operational improvement programs across the southeast.

### Broadband Program Management

HNTB is providing services for the deployment of broadband fiber along interstates right-of-way in many southeastern states to align with the goals of USDOT.

### I-75 EXPRESS LANES

HNTB served as program management consultant for GDOT and embarked on a \$226 million, reversible, tolled express lanes project aimed at giving motorists a more dependable commute. HNTB engaged subject matter experts from throughout the firm to provide design support for ITS and tolling.

### ITS and Traffic Engineering Services

- Traffic Signal Design
- ITS Design
- ITS Integration and Maintenance
- ITS Inspection
- Signal Timing Optimization
- Transit Signal Priority
- Traffic Management Center Upgrades and Operations
- Safety and Accident Studies (Using Highway Safety Manual and Accident Record Systems)
- Corridor Traffic Operational Studies
- Innovative Intersection Feasibility Studies (Roundabout, Indirect Left-Turn and Continuous Flow Intersections)
- Roadway Capacity Studies (HCS 7 and Synchro)
- Traffic Micro-simulation Modeling (SimTraffic, CORSIM and VISSIM)
- Traffic Signal Warrant Studies
- Speed Zoning Studies and Issues
- Neighborhood/Traffic Calming Studies
- Design Traffic Forecasting
- Travel Demand Modeling
- Noise Analysis
- Cost-Benefit Analysis
- Access Management Studies

# Your Interactive Platform for Measuring Transportation

StreetLight is not a model, a report, or a static heatmap. It's a self-serve platform that lets users ask mobility questions and get the answers within minutes. We think it's revolutionary.

## Get instant access to traffic metrics for any road, without sensors.

Place a gate on any road — or 50,000 roads or more — and get accurate AADT and trip attributes for vehicles passing through each gate.

Select locations or draw your own “zones,” and analyze travel patterns between them. Visualize and solve complex transportation problems virtually on the fly.

### FUNDAMENTAL ANALYTICS

Origin Destination

**GEOTAB ITS**

Turn transportation insights into city and statewide action

The Altitude platform connects vehicle insights for a contextualized view of your entire transportation network. Find and fix your region's biggest vehicle-based challenges.

**GEOTAB ITS**

GET TO THE ROOT OF TRANSPORTATION BEHAVIORS

Solve your biggest transportation challenges

Understand your big picture transportation challenges by unearthing the micro patterns and anomalies beneath them.

Take action based on millions of aggregated commercial and consumer vehicle insights.

Then use your deeper understanding to expose and resolve obstructions to transportation flow across your jurisdiction.
